

Petrus Bosman, Director and family member: JC Bosman Boerdery

Petrus Bosman is a member of the eighth generation of Bosmans to own and farm Lelienfontein in Wellington.

Petrus graduated from the University of Stellenbosch with a Bachelor of Accounting and an Honours Degree in Business Accounting.

In his post graduate year Petrus was selected as one of South Africa's Brightest Young Minds. In this capacity he joined 100 students from around South Africa in exploring, demonstrating and implementing ideas for solving the problems facing humanity.

Petrus began full time work on Lelienfontein farm in 2004, and now works with his father Jannie and brothers PD and Jannie. Petrus is responsible for the administration and wine branches of the business.

A recent personal highlight was his marriage to Carla; and another the restoration of the cellar in which his grandfather made wine more than 50 years ago.

Petrus loves outdoor living and enjoys a wide variety of sports; with water sports, and particularly kite surfing, his favourites.
