ANNA FOUNDATION

The Anna Foundation was started in 2005 with the mission to assist disadvantaged schools and communities by providing academic, social and environmental support and equipping children with skills for lifelong learning. The learning is based on the "3 R's programme", namely: Reading. Running. Righting. The 3rd R: Righting was introduced to address the importance of positive self-esteem and self-worth, and help teach children different life skills. The programme is currently being implemented on farms in the Western Cape, directly influencing over 300 children and training 18 community staff members. www.annafoundation.com

GOEDGEDACHT TRUST

Situated on the outskirts of Malmesbury in the Western Cape, this organization aims to make a difference in the two areas; helping children to escape poverty and caring for the environment. With their Path-Out-Of-Poverty-Programme they aim to help impoverished children break free from the damaging cycles of poverty that have trapped rural families for generations. The programme focuses on Health, Education, Personal Development and Care for the earth. www.goedgedacht.org.za
