

After an extended 2013 harvest, we have been concentrating on pruning the vines and watch them go into the dormant winter cycle. July is the month where we are fully ensconced in winter with rainfall expected on average 14 days out of the month. The winter rains certainly came fast and furious this winter with June rainfall figures recorded at 156mm at the La Colline Observatory in Stellenbosch. This is the second highest rainfall figure recorded for June in the last 9 years. The impact can already be seen on the farm dams which are near capacity. We have also been preparing some of our new 2013 wines for release from 1 August 2013.

Conservation News - Second Leopard on Zevenrivieren!

The motion-camera on Zevenrivieren recently captured this male leopard, identified by the Cape Leopard Trust as BM21 and named Simon. This is the first time that Simon has been snapped by the motion detector camera on Zevenrivieren, which extends over both the Jonkershoek and Groot Drakenstein Mountains. When CLT first caught 'Simon' on camera in mid-2012 this leopard was identified as a female so they named 'her' Simone. After further investigation from additional photos, it was discovered that Simone was actually a male. BM21 was instantly re-named Simon, and we are certain this halted 'any ridicule he must have faced on his nocturnal hunting trips. With his dignity restored, his territorial domain was firmly re-established - just proving a leopard can change its spots.'

We have a strong commitment to conserving the natural environment, so it is rather gratifying to see that the 470 hectares of the farm, is contributing to the sustainability of our Cape Leopard.

New Releases

Sensations of 7even epitomize our 7even lifestyle range of wines which are fresh, fruity and easy drinking.

7even Sauvignon Blanc 2013 is a slight change on the name, having been previously labelled as the 7even Blanc. A zesty wine with intense flavours and good varietal definition. The fresher green fruit, typical of Sauvignon Blanc provides a refreshing finish.

The **7even Bouquet 2013** is a fresh, off-dry aromatic wine perfect as an Aperitif. A perfumed nose with lots of fruit, floral and spicy aromas and luscious flavours of litchi, lime and yellow fruit.

The **7even Rosé 2013** is a delicate rose petal pink with ripe raspberry and strawberry on the palate.
