

Villiera Wines

Made with care by the Grier family Stellenbosch

For over 30 years the Griers of Villiera have been unlocking the marvels of nature to create the distinctive wines and sparkling wines that bear the family name

Our Profile

Villiera is a family owned and run winery in the Stellenbosch region of South Africa.

We are a pioneering quality wine company committed to preserving the environment.

A leading South African producer of award winning Cap Classique sparkling wines.

Our white and red wines are characterized by their strong reflection of Villiera's unique terroir.

Environmental Responsibility

We use environmentally friendly farming methods and are committed to sustainable use of our natural resources. Initiatives include a solar power facility, water conservation, recycling, natural pest control methods and greening projects to reduce our carbon footprint.

Wildlife Sanctuary

Established in 2009, it covers 220ha of land and is home to a number of mammals that have been introduced into the sanctuary and it attracts a huge variety of bird-life. Visitors can enjoy a game drive through the sanctuary which lasts two hours.

Social Responsibility

Social sustainability is another core philosophy in our business and can be witnessed through our support for the Pebbles project, the Owethu Clinic and Early Childhood Development Centre and After-School Club. These together with other programmes have earned us WIETA Accreditation and BEE Empowered Certification.
