Wine Enthusiast Workshop

Join us for an insightful evening as we enter uncharted territories of blended wines.

With the main focus veering away from the better known Bordeaux- and Rhone-style blends, we'll be looking at a few interesting creations from across the globe.

Blended wines offer more complexity than single varietal wines. In fact, some of the world's greatest wines are made from a blend of grapes rather than a single varietal.

By blending varietals, winemakers can change a wine's qualities and be more expressive and creative.

Cape Wine Master Charl van Teijlingen will start the evening with an in-depth discussion followed by an intuitive blind tasting of ten wines or more and a delectable three course meal prepared by Ke-Monate Restaurant.

Date: 23 September

Time: 18:30 for 19:00

Place: Ke-Monate Restaurant

Cost: R230 per person
